

Good Afternoon:

We hope the summer has been good to you. With business and travel opening up, The Department of Veterans Affairs Roanoke Value Stream Office is continuing to experience high volumes of appraisal requests. As noted in the prior communications, we are doing our best to maintain balance in the number of appraisers we add to the panel in a proper proportion to the volumes we are receiving and specific only to areas where we are exceeding max capacity or exceeding timeliness regularly. That should serve us well should the industry cycle back down (we all have seen these) verses just growing the panel without regard to the future impacts.

To that end, VA is experiencing a need for focused recruitment in a couple counties at this time. We ask for your help in getting word out to appraisers in the following counties should you have contacts.

- Warren
- Clarke
- Page
- Shenandoah

Please ask that they inquire with the Roanoke Value Stream Office at: cv.vbaroa@va.gov or if you are able to provide a name and contact information for the prospective appraiser, we will gladly reach out to them.

We truly appreciate the exceptional service that all are striving to provide our deserving Veterans at this unprecedented time.

Thanks for all you do

Kevin
